

# Replenishing Night Cream

**PRICE:** \$48.00 USD/\$63.00 CAD

**CONTENTS:** 30 mL/1 fl. oz.

Nourish the skin while you sleep with this restorative night cream formulated to provide essential hydration, skin reparative ingredients to restore the skin's youthful tone and texture and support the skin's overnight recovery process.

**TO USE:** In the evening, apply liberally to face, neck and décolletage as the final step in your nighttime regimen. Use in the PM.

## KEY INGREDIENTS:

**Lactobacillus Ferment Lysate** - This novel, green-technology probiotic helps to balance the immune system and inhibit the growth of some pathogens. It aids in recovery of the skin barrier, improves moisturization, helps reduce skin redness and regulates oil production.

**Skin Firming Peptide Blend** - This powerful blend of Palmitoyl Oligopeptide and Palmitoyl Tetrapeptide helps to firm and strengthen the skin through increasing the production of collagen and elastin, the skin's building blocks.

**Diglycosyl Gallic Acid** - A new generation of skin melanin regulator which is activated by the skin's microbiome. It restores an even skin tone by blocking the production of melanin, thus controlling the darkening of the skin and reducing pigmented spots. It also protects the skin and prevents inflammation, therefore controlling skin redness.

**Natural Butters** - Shea, Mango Seed and Kokum Butters both hydrate and condition the skin.

**Essential Fatty Acids** - Linoleic and Linolenic acids, derived from Safflower oil to help restore the skin's lipid barrier to effectively minimize dry skin conditions.

**Essential Oil Blend** - Essential oils extracted from grapefruit, orange, tangerine and lemon peels are combined with lycium, apple and pomegranate essential oils to provide a fresh, natural scent.
